“ Johnny was a dedicated co-worker at Hyatt Regency DFW who always strived to make the job better for us all. Never one to hold in his feelings, Johnny would often explain why he felt as passionate as he did. He was especially happy to become a home owner and was very proud of the renovations he'd made, it proposed to his home. I enjoyed catching up with him when we had the opportunity to work together. He scored traveling to warm climates and wherever there was water. His passing truly leaves a deep void in the Hyatt Regency DFW Family that will never be filled. Rest In Peace my Brother. Oscar
