“ Have known Richard for 44 years. Even though he lived in Texas and me in California we would get together annually for good times. I remember one year he was in California visiting family and we were short one player on our C League Softball team. I spoke to the manager to select Richard. Richard impressed everyone on the team with the way he played. Strong arm good bat. He helped us to victory. Enjoyed his company on camping trips, his sense of humor, and his companionship. Condolences to Minnie, little Richard, Deanna, and Michelle in this sad time. Wish I could be there for you all but I am in Spirit. Goodbye my Friend.
