“ I never imagined a day, time, hour that I will say goodbye to you my loving sister. you fought the battle bravely and really had hope for the future. We had plans as a family but God knows the reason why you left us so early. Will cherish the childhood memories and always miss you my sister.

Goodbye for now until the resurrection day. This life is a journey but yours was short, seemed you had fulfilled your purpose in this world . Say hi to mum smiling down on us. Thanks for being a wonderful sister. Rest in peace Siz.
